Activities

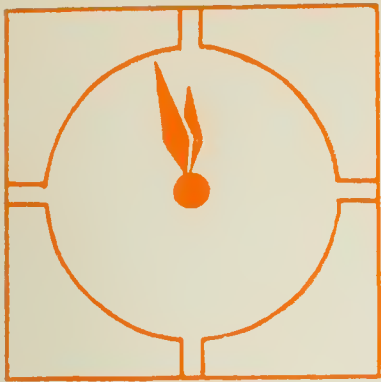

National Honor Society

President David Pynchon
Vice-President Francis Hart
Secretary Janet Quigley
Treasurer Margaret Sherman
Adviser Miss Edith M. Rideout

The most impressive ceremony of each school year is the induction into the Newton chapter of the National Honor Society of a relatively small group of pupils who have been outstanding in scholarship, character, and extra-curricular activities. Five per cent of the Junior Class and fifteen per cent of the Seniors are nominated by the faculty on the basis of the four qualities: scholarship, leadership, service, and character. Membership in the National Honor Society is one of the highest honors a high school pupil can receive. Yet with this honor goes the responsibility of leading the school forward to attain even higher standards in the four qualities upon which this organization is built.

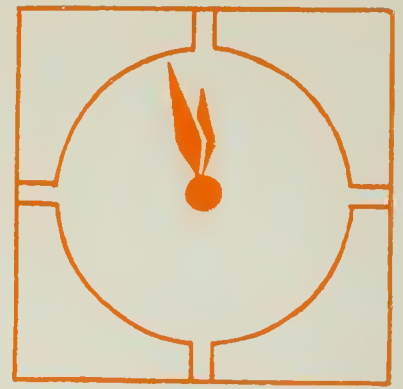

Alpha Beta

The first organization in the yearbook is also the first club in the school to offer all sophomores a welcome, as, on their entrance here, they reach their TIME FOR DECISION. Alpha Beta is the sophomores' own club, and here they can band together in mutual defense against the occasionally haughty juniors and seniors. They are helped along in their first months of adjustment by such interesting programs as were presented in the past year by Dr. Hugh Robinson, veteran of a Japanese prison camp; Mr. Cronin, the Story-Teller; and Miss Priscilla Fortescue, who held the club spellbound with her Hollywood tales. This is the club for sophomores.

President	Marion Quinn
Vice-President	Anne Marie Cahill
Secretary	Betty Burgess
Treasurer	James Bonnar
Adviser	Miss Frances Thumim

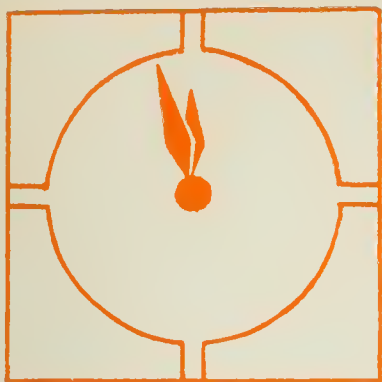

Neophytes

While learning the elements of production and acting, the Neophytes have presented two plays at each meeting throughout most of the year. Memorable among these were *The Man With the Bowler Hat* and *In the Darkness*. However, all meetings did not involve the labors of the members. Programs at school brought entertaining speakers before the club, and a trip to a Boston theatre gave the members a much-appreciated taste of the "big time." Their annual play for the Sophomore Class, given on a program shared with the Puppeteers, bodes well for the Drama Club of the next two years.

Vice-President	Edward Belfrey

Sophomore Girls' Chorus

The graduates of the junior highs who indulge in vocalizing in the shower and humming during S Block are gathered into one songful group and trained. Some day perhaps Mr. Lasker will discover the female Frank Sinatra and startle the world, but until then he is content with the fine showing that the girls made at the Christmas Vespers and the Assembly programs, their chief chances for displaying their vocal abilities. The success of these performances was demonstrated by the enthusiastic receptions given by well-pleased audiences.

Adviser Mr. Henry Lasker

Band

The band, famed for its performances at the football games, attained the precision and verve for which it is justly renowned by arduous S Block practice, which began at the very outset of the year. As soon as the band was ready for public appearances, its season was completely "booked." Rallies, games, plays, the opening of the Newton Students' Canteen, the Memorial Day Parade, and the final graduation exercises kept the band in constant demand. The 1944-45 season is counted not only as a full season, but as a most successful one.

Director Mr. William Winston

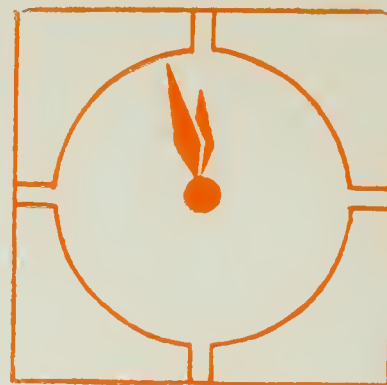

Orchestra

The Newton High School orchestra, under the direction of Mr. Remley, deserves the praise that it has received. It played at the performances of *Junior Miss* and *Death Takes a Holiday*, and contributed greatly to *Rotogravure's* success. In *Rotogravure's* production it not only played the music, but also supplied from its ranks one of the composers, Donald Mörk, who, together with Mr. Remley and Mr. Lasker, wrote the entire score.

Director

Mr. James Remley

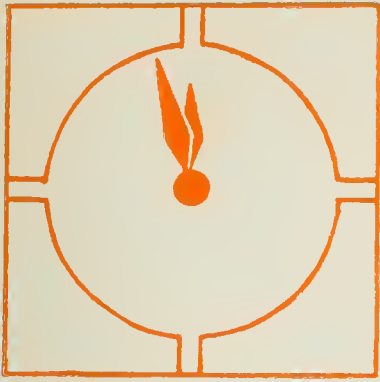

Glee Club

A Block science students in Building II who can tear themselves away from their test tubes and microscopes long enough to lend a sympathetic ear may have the privilege of hearing the semi-weekly rehearsals of the Glee Club. Sixty strong, this group of selected voices delighted us this year at the annual Christmas Vespers, as well as at the Armistice Day, Memorial Day, and special V-E Day assembly programs. The members also performed for a women's group at the Newtonville Central Congregational Church, and at the school's *Arts Through the Ages* production.

Director Mr. James Remley

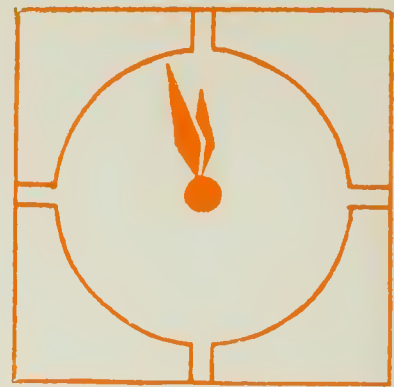

Junior-Senior Girls' Chorus

Those girls who have withstood the vocal rigors of the Sophomore Chorus ascend to greater heights in their junior and senior years as members of the school's main choral group. The girls whose voices seem especially promising are initiated into solo work, and under Mr. Lasker's tutelage finally receive their accolades in the applause of their appreciative audiences. Although the solo voices add much to the Chorus's popularity, it is the concerted group singing by which it earns its deserved renown.

Adviser Mr. Henry Lasker

Boys' Chorus

When the piercing notes of a group of tenor voices and the booming ones of the basses drift through the open window to disturb your mid-morning home room reverie, you can place the blame on the members of the Boys' Chorus. Meeting one S Block alone and joining with the Sophomore Girls' Chorus a second, they train both as a group and as individuals for the several musical highlights of the year. Their performances of both the Christmas Carol and Assembly programs with the Sophomore Girls' Chorus will be well-remembered. Supplementing this work, they spend whole periods singing for their own pleasure. Voices untrained at the year's beginning often emerge well-controlled at the end. So, boys, let this encourage you. If you can hit a note (any one at all) there is hope for you.

Adviser Mr. Henry Lasker

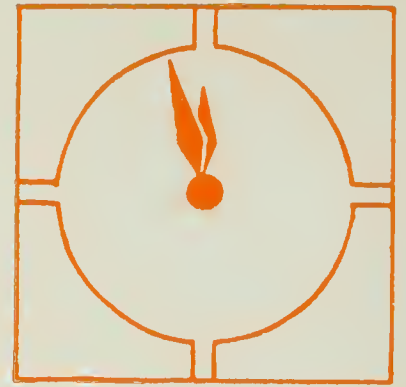

Drama Club

Detrimental to the layman's true appreciation of the dramatic art is his failure to realize the scope of activities involved in a major production. This year's exceptionally large Drama Club found itself confronted, during the bleakest of bleak January days, with the task of casting, costuming, staging, characterizing, and generally bringing into reality the fantastically beautiful "Death Takes A Holiday." While this major annual project took up much of the club's time, the members played important parts in the impressive Christmas Vespers program, and produced varied types of intra-club activities.

President	Donald Houghton
Vice-President	Richard Gale
Secretary	Ruth Conant
Treasurer	Bernice Shay
Adviser	Mrs. Jean M. Wiens

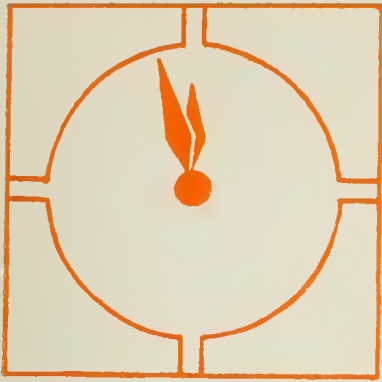

English Club

The English Club programs have been many and varied this year. Outstanding among them was a reading of "The Mollusc" given by certain gifted members of the faculty. Another entertaining and imaginative program featured interpretations by club members of scenes revealing types of humor through the ages. Excursions, including a trip to the Gardner Museum and a spring picnic, added further variety to the activities of this venerable and popular organization.

President	Nancie Newcomb
Vice-President	Julia Palmer
Secretary	Jeanne Wolf

Microphone Club

The Microphone Club began its tenth year with sixty-eight members. This year the club entertained the Neophytes with a radio version of *Werzel Flummery*, by A. A. Milne, arranged for radio by a committee of the club. They also combined with the Puppeteers to present their play, *A Wedding*, by John Kirkpatrick.

All scripts, demonstrations, and news reports have been arranged by members of the two sections. Although individual members of the club have done some broadcasting, no outside broadcasts were made by the entire club.

Art Club

There were so many applicants for the club this year that two sections were formed, with officers elected from each. One day the club went into the Public Garden, sketching sailors and girls, swan-boats, fruit vendors, and old ladies on the trolley car. Another day, when a trip to Cabot Woods had been postponed because of rain, a ten minute sketch contest for which prizes were awarded was held. Of course, the perennial favorites, clay modeling and illustration, were indulged in. At Christmas, the homes of the members were partially decorated by gay and fanciful ornaments made at the December meeting. The second group concluded the year's activities with a gala outing: sunning, swimming, sketching, — and hot dogs!

Tusitala

"You split an infinitive in the third paragraph!"
 "The last five lines are entirely superfluous."
 "You might as well throw the whole thing away!"

So it goes! The floor of the Samuel Thurber Room is littered with dying manuscripts, and the literary wrangling waxes hot over the table. It could be no other; Tusitala is in session.

Once a month its twenty-five members meet and discuss their leisure-time creative writing, and, it is hoped, the standard rises far above that of class work, by dint of ruthless constructive criticism.

This year Tusitala, under the capable guidance of Mr. Cutting, has sponsored a Short Story Contest, a Poetry Contest, and an original collection of humor, poetry, and short stories, entitled "Pot Luck".

"Music hath charms" . . . and the Music Club has led a charmed life this season. The record concerts featured in other seasons have been supplemented by a trio of celebrities from the music world: Nicholas Slonimsky, author and expert on matters musical; Arthur Fiedler, conductor of the famous Boston "Pops" Orchestra; and Rudolph Elie, music critic for *The Boston Herald*.

Puppeteers

He who has the stamina to climb to the stratosphere of the fourth floor of Building I will find a versatile and talented group awaiting him. Puppeteers make their puppets, paint their scenery, design their costumes, write and adapt their script, and operate their puppets. At an assembly in May they exhibited their talents to the school in what proved to be a memorable performance. The work of the Puppeteers involves many difficulties, but the members enjoy the rather queer sensation of controlling the actions of others — their wooden men.

Senior Play

In keeping with its sustained policy of venturing into the lighter side of drama, the Senior Class this year presented *Junior Miss* before two large and definitely appreciative audiences. The uproarious and, at times, hair-raising escapades of young, movie-going Judy Graves provided an excellent vehicle to exhibit the talents of a large group of dilettanti under the able direction of Miss Helen Sweeney.

Stage Crew

The success of *Junior Miss*, *Christmas Vespers*, *Death Takes A Holiday*, and *Rotogravure* — each one a considerable technical undertaking — is due in great measure to the continued enterprise and perseverance of the Stage Crew. This hard-working little group constructs and manages all stage effects, and occupies itself backstage until late almost every afternoon throughout the school year. Even under the weight of their many responsibilities, these boys find, and occasionally make, time to enjoy the informality and good fellowship of after-school theatrical life.

Drama Workshop

The light female touch, applied in the right places, beautifies the scenery for all performances on the Newton High stage. The girls of the Drama Workshop do much of the backstage work which the boys on the Stage Crew are not strong enough to handle, including painting, lighting, and scene shifting. Audiences will remember the fine background which the Workshop provided for *Death Takes A Holiday* and the attractive set which they painted for *Junior Miss*, but it may be said that the masterpiece of 1945 was the beautiful and elaborate stage decoration used in *Rotogravure*.

Orange Book

Sophomores, embittered by their early high school days of utter confusion, their feet worn thin by futile searches for non-existent classrooms, are annually soothed by the results produced by the tireless efforts of the *Orange Book* staff. This gallant crew, selected near the end of its Junior year, proceeds to sacrifice its rights to spring sun, and with the indispensable co-operation and supervision of Miss Doonan, brings forth its most necessary manual of "Facts and Figures." The *Orange Book* attempts to be a helpful, guiding hand in those unforgettable first days when self-preservation, rather than education, appears to be the sophomore mind to be the general theme.

Newtonite

The *Newtonite* of 1944-1945 has faithfully recorded the events which have distinguished this busy year, and has offered the complete story in compact and interesting form to the pupils and teachers of the school. Throughout the year a large, talented staff, selected from Newton High's best in the fields of literature and artistic organization, has spent sleepless afternoons attempting to gain the favor of the student body through complete news coverage and interesting features.

These efforts have not been in vain, for the pupil who owns this year's *Newtonites* has in his possession a fine record of all of us: our activities, our thinking, and our learning.

Newtonian

A small part of the *Newtonian* story is (we hope) before you in more or less tangible form, but the entertaining (?) portions may be read between the lines. Even this, however, is not complete; for the perfect description of the year book production process is open for public exhibition at your neighborhood Psychopathic Ward. Here, any visiting hour, one or more of the editors may be found. The advisers have passed beyond this stage, consequently may not even be seen. Why this mass *non compos mentis*? The answer is before you. Having fought bravely for six months against shortages of paper, cloth, ink, metal, and manpower, these adventurers have finally succeeded in bringing you your record in this all-important year.

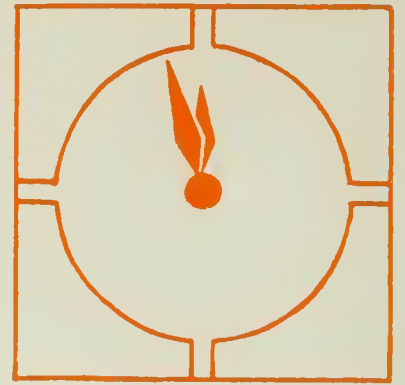

Motion Picture Squad

Whenever "movies" are shown at Newton High School, some member of the Motion Picture Squad is behind the scenes running the projector. Under the direction of Mr. Winston, the boys have learned to operate the motion picture projectors, both sound and silent. Although it lacks the usual press advertising, the Motion Picture Squad is a service organization which contributes greatly to the life of the school.

Adviser Mr. William Winston

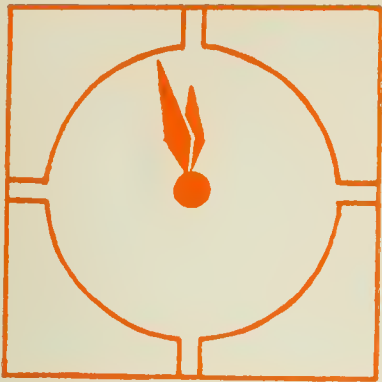

Library Club

Ironically enough, the girls of the Library Club have little time to enjoy the good books which surround them in the library. These assistants to Mrs. Jordan are far too busy carrying on their many tasks: sending out slips for overdue books, posting displays, and checking books. Their most important job at present is the maintenance of the Servicemen's File, which carries the complete military history of all graduates of Newton High who have served in the Armed Forces. They are recording for future Newtonians the story of our high school's contribution to this TIME FOR DECISION.

Social Room

The Social Room in Building III was arranged and decorated several years ago by students, for their own pleasure and convenience. Any morning between 8:10 and 8:30 we can drop in there and find several of our friends stretched out in the very comfortable chairs or standing in groups chatting. We may be lured there in the afternoon by the "hot" or "smooth" music of the radio-victrola. Then we will find a couple of intellectuals huddled in one corner over a game of chess, while in the center of the room there is sure to be a bridge game demanding the attention of all *kibitzers*. Throughout the room, in various relaxed attitudes, the rest will be discussing love affairs, or poring over the good magazines provided there. All of this student Paradise is presided over by charming pupil hosts and hostesses whose presence adds to the friendly atmosphere of the room.

Adviser Miss South

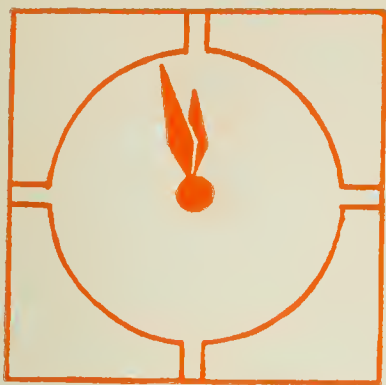

Home Room Managers

Newton High gives no course in salesmanship but one pupil from each home room has ample opportunity to convince his fellow students that S.A.T.'s, Newtonites, Newtonians, tickets to extra-curricular events, and anything else Mr. Swan wants to sell are a great bargain. Managers play an important part in the school scheme, and without them, teachers would be hopelessly overburdened with menial tasks. A hard life, that of the home room manager, but a good and valuable one!

Adviser Mr. Carl Swan

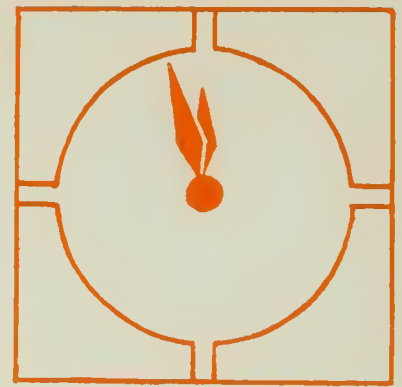

Aviation Club

From the top of Building II *Newtonian* special agent brought back to the brain-cluttered office of the Activities Staff the description of a year-long club program which certainly must have proved of great interest and benefit to the members of the Aviation Club. This program included films ranging from cartoons to official Army-Navy reports, and lectures given by last year's president on Aviation Cadet training, by another graduate on his experiences and feelings as a parachute jumper, and by club members on specialized aviation subjects.

Alpha Gamma Tau

"A bag contains 15 envelopes of which 5 contain \$5 each, while the others are empty. If one envelope is picked, find the probability of drawing \$5." . . . Every member of the Math Club would soon make money if this were the problem. They learn short cuts, theories, and the use of reference material. This year they alternated the "fun" and "learning" meetings, dabbling in everything from drawing faces with arabic numbers to calculus.

Camera Club

Since supplies have been all but impossible to obtain, this has been the Camera Club's most difficult year. In spite of this difficulty, however, we have had a good year. Our programs have sponsored speakers, discussions, demonstrations, and contests. This year's snap shot contest with its cash prizes did much to stimulate interest in the taking of pictures and in the "how of picture taking."

President	David Orr

Chemistry Club

There are thirteen fanatical chemists in this year's Chemistry Club, all of whom were chosen by a thorough competitive exam. The chief difficulty seemed to be the finding of a meeting day suitable for all. Since J. C.'s hockey team did need practice, and other school activities wanted attention, this task was virtually impossible. Trips through Lever Brothers' Soap factory and to a local steel mill were planned. Qualitative analysis, along with his brother quantitative, were touched upon, and numerous experiments were performed.

Le Cercle Français

Le Cercle Français se compose des étudiants qui désirent s'exprimer dans la langue française avec plus de facilité. Pour arriver à ce but nous avons des jeux, des poésies, et de petites histoires, tout en français. Cette année nous étions dans la salle 2200 où il y a un piano pour nous aider à chanter des chansons françaises. À Noël tout le monde s'est amusé à regarder un film qui nous a montré *La Vie en France*. Après des rafraîchissements on s'est souhaité un joyeux Noël et de bonnes vacances.

Adviser	Mr. Francesco C. Argento

This year the Spanish Club presented a particularly interesting and varied program. Its meetings included Spanish charades, Spanish word games, Spanish continued stories, and a motion picture about Mexico. Climaxing the year was the final party, made most enjoyable by the presence of the ever-popular refreshments.

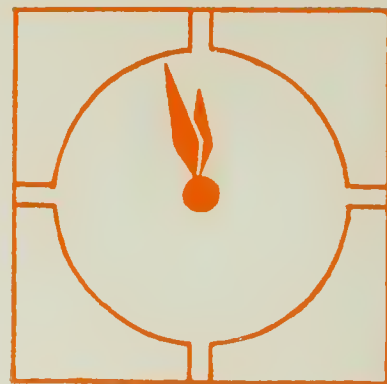

Debating Club

The Debating Club of 1945 is the largest in many years, a testimony of youth's interest in the critical problems in this TIME FOR DECISION. In debates with Arlington and Brookline and in enthusiastic discussions among themselves, members have been able to turn some of their interest into knowledge. The controversies over the elections, the post-war period, and the foreign relations of the United States have been resolved into understandable terms; and the question of a Newton High Canteen has been given a hearing under the auspices of Mr. Holmes and the Debating Club.

Vice-President	Donald Mörk
Secretary	Janet Quigley
Treasurer	Maurice Alberts
Adviser.	Mr. Frederick O. Holmes

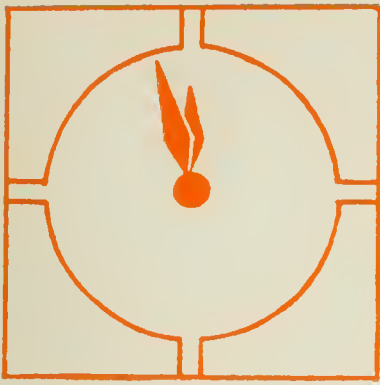

Social Studies Club

The Social Studies Club is open to all Juniors and Seniors who are interested in historical and current affairs. Despite the loss of last year's faculty adviser, Mr. Clark, the club has progressed efficiently under the competent direction of Mr. Paige.

It was decided at the first meeting that the club was to be operated entirely by the pupils. The work of planning each month's meeting was undertaken by a special committee which, with the co-operation and participation of the club members, effected many fine programs. This year, among the many topics discussed were Compulsory Military Training in the United States and The League of Nations vs. Dumbarton Oaks.

Outing Club

In the fall when students signed up for the clubs they wished to join, all sports-minded girls dashed to print "Outing Club" upon their blanks. The club held two meetings a month: one, a business meeting; the other, devoted to the outing itself. Naturally, the latter type was the favorite. These outing meetings included bowling, roller skating, swimming, hiking, ice skating, and attending professional baseball and hockey games. Climaxing the year was the long-awaited beach party.

The October, November, and December meetings consisted of rides at the Wrights Stables and Mt. Ida Jr. College. In the January meeting Mr. Lydon gave an informative talk on show horses and instructed us in the skill of riding. The spring season brought about more trail rides, and for the last session, the club sponsored a ride and party.

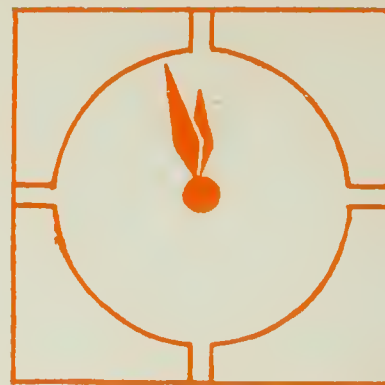

Commercial Club

The Commercial Club (for women only) is made up of girls who are preparing to enter the business world. A practical group, its members plan their programs to include debates and discussions on business subjects as well as an occasional trip to inspect some business organization. The girls have access to modern books that contain a wealth of information relating to the careers they have chosen. For those already in business, the Commercial Club is a pleasant contact with school life.

Personality Club

The Personality Club, open to all girls, attempts to help them acquire poise, self-assurance, and knowledge of good grooming. Volunteer committees planned programs with guest speakers, discussions of correct dress and make-up, or "before" and "after" skits. A Valentine dance, attended by over one hundred, high-lighted the year. Novelty dances kept couples changing rapidly. This program and many others made the season highly successful.

Rotogravure

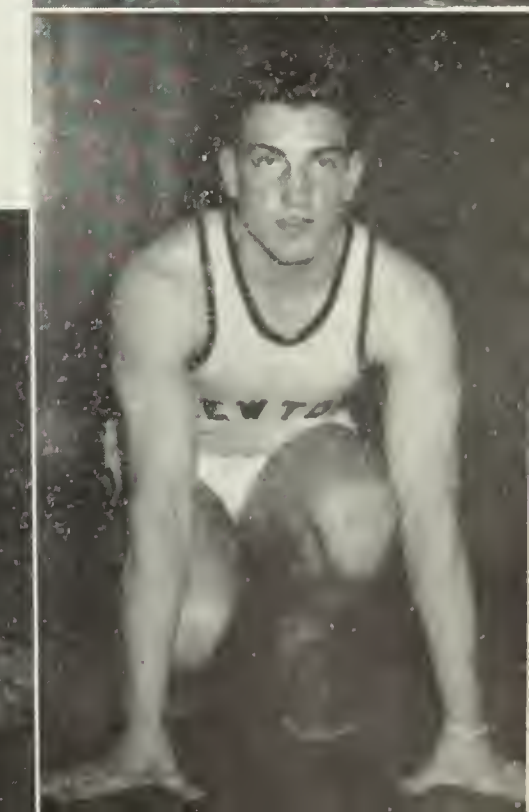

Students of Newton High School were treated to another production in the *Beaux Arts* tradition when, on March 23, a cast of 150 students presented *Rotogravure*. The show was written entirely by volunteer students, with original music by Donald Mörk and Mr. Lasker, colorful costumes designed by the Art Department and executed by the Household Arts Department, and settings by the Stage Crew and the Drama Club Workshop. *Rotogravure*, under the capable direction of Miss F. Eleanor Elliott, traced the course of Man's development as seen through his ever-changing dress. Witnessed by over two thousand pupils, teachers, and guests, it proves that Music and the Arts have definitely won their place in Newton High.

Football

The 1944 football season will be ranked as one of the best. Led by Co-captains DiBlasio and Bryson, the Tigers met defeat only twice, once at the hands of an outplayed Melrose team and again by the powerful Golden Tornado of Malden. As for the rest of the games, only one of the eight other teams held this high scoring juggernaut to fewer than three touchdowns. In accomplishing this feat, Bryson scored 68 points while Scanlon and DiBlasio tallied 38 and 37 respectively. Looking back, followers of the team can hardly forget these familiar events: the spectacular runs of DiBlasio, Bryson's bucking, Coffey's crushing tackles, and the agility of Scanlon. These stellar individual and team performances are responsible for the fine record turned in by this year's squad.

Basketball

Although defeated in the opening round of the Tech Tournament by a scrappy North Quincy five, Newton still enjoyed one of its best seasons of recent years. The Tigers completed their twelve-game Suburban League schedule without a loss. Co-captains Eddie Ryan and Bill Hansen paced this year's quintet with 209 and 144 points respectively in sixteen games. Exceeding the fifty-point mark in seven games, the team tallied a total of 721 points. The outlook for next year's team is bright. Since only two of the eight letter men are graduating, Newton appears to be headed for another championship in 1946.

Ice Hockey

Led by its All-Star captain, Johnny Recco, the 1945 Pucksters, after a poor start, fought an uphill battle to reach third place in the league standings, only to be forced into the fifth slot by playoff losses. Newton tied or defeated at least once every team except Rindge, in chalking up a record of three wins, three ties and four losses. The most outstanding features of these games were Recco's spirited leadership, Barry's aggressive play, the Recco-DiBlasio team work, Crafts' dependability, Sonsini's rugged bodychecking, and the memorable Rindge game.

Coach Mr. John C. Hall

Indoor Track

Under the excellent coaching of Coaches Consodine, Boyle, and Gallagher, the indoor track team enjoyed another highly successful season. Ending the winter with only one loss, to Malden in a dual meet, the Terriers defeated Medford, Rindge, and Brookline in other dual competition, and captured the Northeastern Interscholastic title by $\frac{1}{2}$ point over Medford. They proceeded to win the state crown easily, scoring $30\frac{1}{2}$ digits to the Mustang's $23\frac{1}{4}$. In addition, from the team came two state champions, Captain Bill Gould, shot put, and Fred De Angelis, dash.

Record

Newton — 34 at Malden — 43	
Northeastern Meet — Won with $20\frac{1}{2}$ points	
Newton — 39 at Rindge — 33

Outdoor Track

Despite an early season loss to Rindge in the first meet, Newton's 1945 Terriers, strengthened by the late arrival of veterans Gould and Cahill, conquered English, Latin, and Malden in a preview of the state meet. The combination of championship dash quartet, Garrity, Gould, DiBlasio, and De-Angelis, together with distance runners Cahill and Captain Chet Wiley, won points consistently in the running events, while Gould, Gibson, Buswell, and Angus turned in profitable performances in the field events. The able direction of Coaches Boyle, Consodine, and Gallagher contributed in no small way to enable this year's squad to win the State Track Meet, thus upholding the outstanding tradition of past years.

Baseball

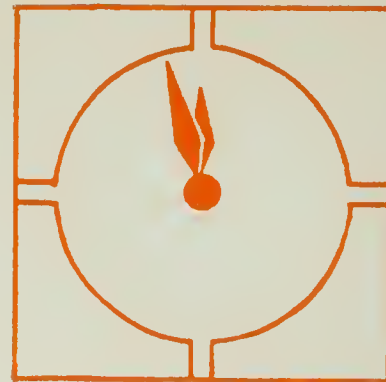

Because of the early publication of last year's *Newtonian*, there was no account of the victorious 1944 baseball team. This group brought the highest sports honor to Newton High School and the City of Newton through winning the Suburban League, the Eastern, and the State Championships. The season's record was fifteen victories and one defeat.

The secret of the team's success can be summed up in two words: team-play and spirit. At all times, the players worked as a unit comparable to professional clubs, and displayed the will-to-win so noticeable in championship outfits.

Of last year's players, only Captain-elect Recco and Adamson were returning letter-men for the 1945 season; moreover Adamson enlisted in the Army Air Corps after the first game of the season against Arlington.

To date, this practically new 1945 Newton Tigers outfit with its record of six games won and two lost has upheld the good work of the 1944 team.

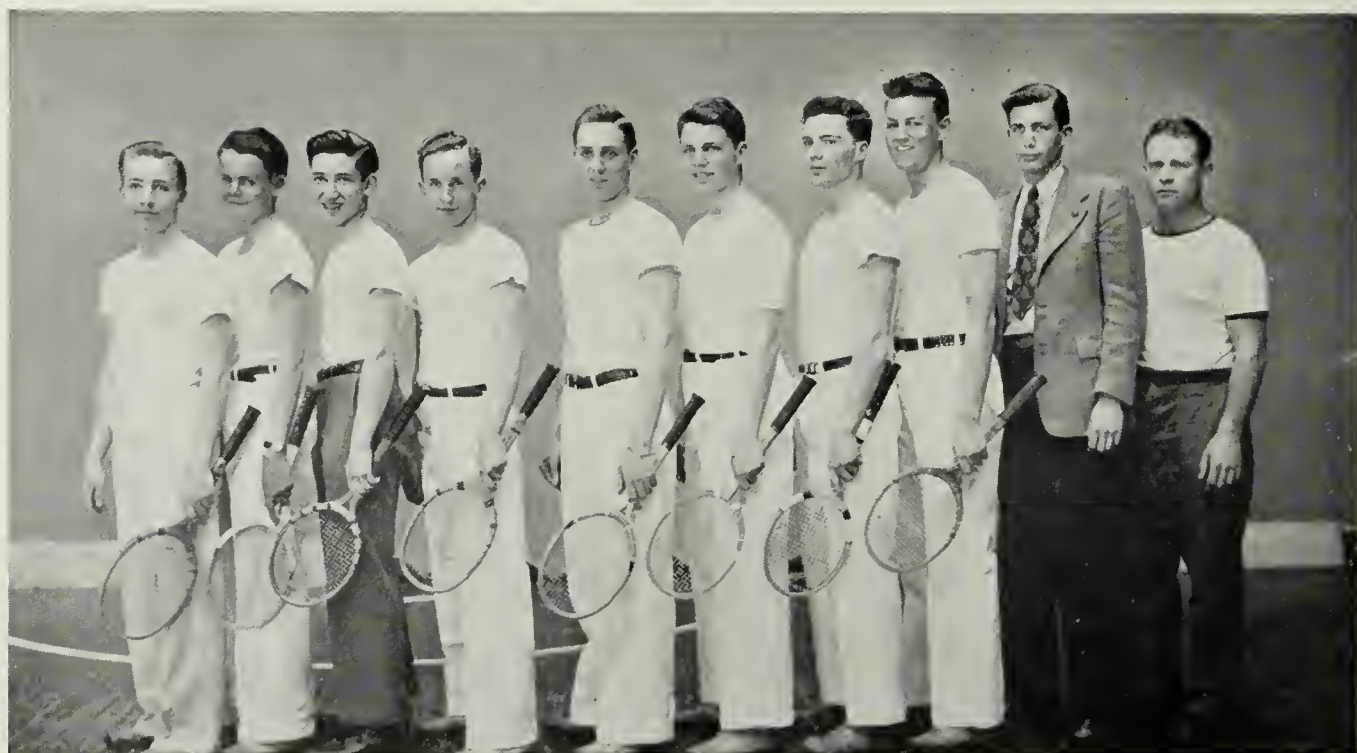

Tennis

The tennis team, state champion of the 1944 season, looms as repeater for that coveted title with the return of two letter men. Although the loss of State Champion, Scanlon will be keenly felt, the remaining five positions are expected to be strong. First and second positions will be held down by Captain Bill Crafts and Woody Crowther, respectively, while the remaining four positions are in doubt. The main contenders are Randle and Oliver, the one-two combination in the fall tennis tournament; and Fred Bowers and George Pratt, two mainstays of last year's second team. The loss of Mr. Clark as coach seems to have been lessened by the announcement of his successor, Mr. Smith, popular physical education instructor.

Coach Mr. Reginald P. Smith
 Captain William Crafts

Golf

The 1945 golf team, again under the coaching of Mr. Walters, continued the winning ways of former years by taking their six scheduled matches without a defeat. Belmont, Brookline, and Watertown each suffered two losses at the hands of the "hackers". The going wasn't too rough this year, even though most of the squad was green. Matches were played at Brae Burn, Oakley, and Brookline Municipal Course. Because of their record, the divot diggers are in line for an invitation to the State Championship Tournament to be held at Woodland Country Club. Ed Campbell and Paul Leist showed good individual play, while four Juniors, Jack Boudrot, Don Gaw, Billy Mullen, and Jimmy Teschner, will form a nucleus for next year. Coach Walters hopes for increased interest from Juniors and Sophomores next season.

Coaches

Giving untiringly of their time, the Newton High coaches never cease in their efforts to produce the fine teams we have here at school. It is only because these men have set their standards so high that Newton can boast of her excellent record in the state. Many of our players are born athletes, but it takes fine coaching to blend into these boys, as well as the rest of the players, a keen sense of sportsmanship, clear-headedness, and team play. Whenever Newton comes out on top in any kind of contest, remember the coaches who contributed so greatly to the victory.

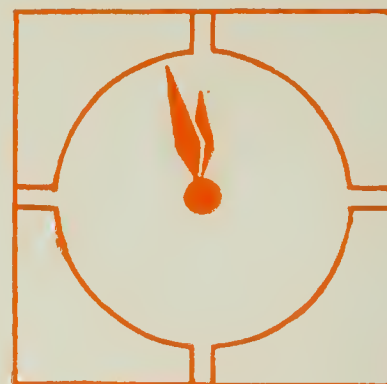

Girls' Basketball

Winter ushers in one of the most popular of perennial sports — basketball, and to all its aspiring participants this game continues to renew brisk enthusiasm. As a reward for this spirit, the girls played more outside games this year than ever before. Previous to the varsity clashes, a tournament, comprising self-chosen teams and elected captains, was played; the "Bags" and the "CB's" taking top honors. The seniors led in the class mêlées, while the varsity had plenty of excitement playing Needham, Medford, Choate, Brookline, Watertown, and Wellesley.

As this class embarks, the school loses one of the finest group of athletes and good sports ever to play for the "Orange and Black."

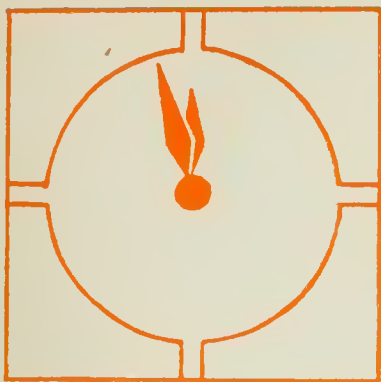

Field Hockey

Practically on the first bell of the pupils' re-entrance into Newton High's beckoning portals, the field hockey fledglings were pushing the puck past their pals. The seniors showed their dexterity in the class combats by defeating both their middle and under-classmen with the decisive scores of 5 to 1 and 10 to 0 respectively. Although four outside contests were scheduled with Needham, Brookline, Watertown, and Wellesley, only two were played, the latter two having been cancelled as Nature's domineering forces intervened. In the games that were played, Newton was victorious. The only black spot in an otherwise spotless slate was the Alumnae tangle which resulted in a 2 to 1 decision for the post-grads.

Rally Committee

Why do Newton High's pupils go to football games? Just to see the games? Partly; and partly because the Friday afternoon rallies have so inspired the students that they *must* go and cheer their team. The Rally Committee sees to it that speakers — both faculty and students — are on hand, that the cheer leaders are on the job, that everyone is wearing orange — in short, that N. H. S. is organized to cheer its teams on to victory.

Your Career . . .

the important step ahead

In planning your future, one of the important things to consider is the future of the company you join — what opportunity it offers for you to advance into a responsible, well-paying position. In this large, progressive company, there are many interesting openings both in production departments and in the offices. Why not come in and talk things over with us? Tell us about your ideas and let us help you plan your future.
